**As a courtesy** to domain name holders, we are sending you this notification of the domain name registrations that are due to expire in the next few months. When you switch today to the Domain Registry of America, you can take advantage of our best savings. Your domain name registrations will expire on September 9, 2011. Act today!

You must renew your domain name to retain exclusive rights to it on the Web, and now is the time to transfer and renew your names from your current Registrar to the Domain Registry of America. Failure to renew your domain name by the expiration date may result in a loss of your online identity making it difficult for your customers and friends to locate you on the Web.

Privatization of Domain Registrations and Renewals now allows the consumer the choice of Registrars when initially registering and also when renewing a domain name. Domain name holders are not obligated to renew their domain name with their current Registrar or with the Domain Registry of America. Review our prices and decide for yourself. You are under no obligation to pay the amounts stated below, unless you accept this offer. **This notice is not a bill**, it is rather an easy means of payment should you decide to switch your domain name registration to the Domain Registry of America.
